

# Work Health and Safety **POLICY** *for Landcare groups*

MCCG 013 – 21 .07.17  
TEMPLATE VERSION 2 - 17.12.2013

## INTRODUCTION

At Manning Coastcare Group, we believe that our people are our primary asset. Therefore, we commit our energy and attention to protect employees, volunteers, contractors and any other people involved with our organisation, including project partners, clients and the public.

Manning Coastcare Group promotes a strong safety culture that effectively prevents accidents, we commit to perform systematic identification of hazards and to manage them with appropriate risk assessments and subsequent actions to minimise danger.

## PURPOSE

This policy is designed to ensure that all employees, members, volunteers, contractors, and visitors observe and comply with Work Health and Safety (WHS) regulations and guidelines so as to provide and maintain a working environment that is safe and without risks to health and to ensure that our activities do not place the wider community at risk of injury or illness.

## POLICY

WHS shall be a mandatory consideration in the following situations:

- In the primary place of employment;
- While in transit to Manning Coastcare Group activities or events;
- In the field, on sites or venues where Manning Coastcare Group's projects, activities or events are held;
- Where there are identified potential or actual hazards; and
- When attending to maintenance or repair tasks.

It is the responsibility of the employee to take reasonable care for the health and safety of all people within the workplace (including other employees, members, volunteers, visitors and contractors) and for all people who may be affected by his/her acts or omissions.

It is the responsibility of the employee to cooperate and comply with all WHS regulations, policies and procedures in the workplace and out in the field.

In the primary place of employment, the following matters shall be identified and documented:

- Current practice in respect of job roles and routine tasks.
- Actual and potential hazards.
- Actions to minimise or eliminate hazards.
- Setting targets to ensure continued improvement aimed at elimination or work-related injury and illness.
- Training requirements of staff in WHS.

Manning Coastcare Group will consider the following areas in the workplace:

- Physical environment
- Ergonomics and layout of work stations
- Housekeeping
- Stress in the workplace
- Security
- Manual handling
- Movement and safety
- Evacuation procedure

Prior risk assessment must be undertaken of the group's projects activities and events to manage any identified risks.

The Landcare Coordinator, is the designated responsible person for maintaining the WHS system.

All employees and volunteers in the field must have their mobile phones switched on at all times.

All hazardous materials must be appropriately stored and checked in terms of expiry dates and leakage. Material Safety Data Sheets (MSDS) must be obtained for all chemicals being used as part of Manning Coastcare Group activities. All substances identified as dangerous (including items that may be caustic or carcinogenic) should not be handled directly.

All storage and use of chemicals shall be in accordance with the MSDS and substances shall be stored in their original containers with the label intact at all times.

All plant, equipment and substances must be used in accordance with safe operating procedures from the manufacturers / suppliers. Any defective plant, equipment and substances should be removed from use and reported immediately to the responsible person.

All accidents / incidents must be reported to the responsible person and the President within 24 hours of the event occurring. An Incident Report form shall be used (Appendix A). The insurer and WorkCover NSW must be notified in incidents involving fatality, serious injuries or illness.

The Committee shall receive all accident / incident reports and review the WHS system on a regular basis.

**LEADERSHIP** Manning Coastcare Group staff and committee – at all levels – are accountable for managing workplace health and safety with strong leadership and credibility.

At the same time, Manning Coastcare Group believes that staff involvement is indispensable to establish and maintain safety and health in the workplace.

As such, staff are empowered to:

- Challenge any unsafe acts they see or perceive;

- Put a task on hold if they judge that safety is not adequate, until a competent person takes appropriate risk control measures.
- Become actively involved in programs to improve health and safety performance in the workplace.

## DUTY HOLDERS

Manning Coastcare Group acknowledges that, under the *Work Health and Safety Act 2011*, Duty Holders are those who have a duty under the law to manage risks to health and safety, which are non-transferable. Duty Holders include the following:

1. **Persons Conducting Business or Undertaking** – the principal duty holder, which includes volunteer committees / boards with paid staff.
2. **Workers** – including contractors, labour hire, employees, volunteers and trainees.
3. **Officers** – those persons responsible for making all or a substantial part of the decisions that affect the health and safety of the business.
4. **Other** – visitors to our office and sanctioned events (including family members).

Communication between all Duty Holders is paramount to resolving health and safety issues. Responsibilities of the Duty Holder are included in Appendix B.

## RESPONSIBILITIES

It shall be the responsibility of the Treasurer to ensure that these requirements of this policy are complied with. These policy and procedures shall be reviewed as required by the Committee.

**Information in relation to Work Health and Safety Laws**

If you are responsible under the Work Health and Safety (WHS) laws for workers other than employees, for example contractors, you may not be required under workers compensation laws to record injuries in your register of injuries. However you may find it helpful to do so. If you wish to include details of all injuries in the one place you should add space in the template to indicate whether or not the person is an employee for workers compensation purposes.

**Additional resources**

Please refer to the [Workers Compensation Regulation 2010](http://www.legislation.nsw.gov.au) (www.legislation.nsw.gov.au) for more detailed information.

**Further Information**

To help identify any risks, hazards, systems or procedures that contributed to the injury/illness and to recommend corrective action to prevent similar incidents, please fill out the "Incident and near miss investigation form (WC03590 1211)" – see template on following page. For further information contact the **WorkCover NSW Information Centre** on **13 10 50** or visit [workcover.nsw.gov.au](http://workcover.nsw.gov.au).
